

SIO 120: Introduction to Mineralogy

Lecture: T/TH 9:30 AM – 10:50 AM

Lab: T/TH 11:00 AM – 12:20 PM

Instructor- Geoffrey Cook

Office- Vaughan 303

Phone- 534-3406 ; **Email-** gwcook@ucsd.edu

Office Hours- Wednesday 10-12 and by appointment

Lab Instructor:

Doug Tomczik (dtomczik@ucsd.edu)

Note: This syllabus is an outline of proposed events. It is subject to change; however, never without notification, and never to advance the due dates of assignments.

Class Organization:

- The lecture portion of class will be worth 60% of your overall grade. It will consist of two exams: a midterm exam worth 100 points and a final exam worth 150 points. In addition, there will be several homework assignments totaling 100 points.
- The lab portion of the class will be worth 40% of your grade and will consist of two lab quizzes and regular lab exercises that will be due weekly.

The lecture text is *Manual of Mineral Science 23rd Ed.*, by Klein and Dutrow. The text is required and will supplement the lectures. You are responsible for reading the chapters assigned, and the exams will include material covered in the text. Please note, however, that there will be information covered in class that is not covered in the book.

Absences and Missed Work:

There will be no make-up examinations. In the case of legitimate conflicts, notification is required at least one week before the regularly scheduled examination. In the case of deaths, accidents, or sickness, notification is appreciated as soon as possible and is required within one week of the regularly scheduled examination time. *All excuses must be in writing.*

Classroom Conduct:

Disruptions during lecture will not be tolerated. Disruptive behavior including talking, excessive noise, poor behavior towards other students or instructors/TAs, arriving late/leaving early, reading newspapers in class, inappropriate language/comments in lecture/lab or on-line, or ringing cell phones will result in your being asked to leave the class. Continued disruption will result in a failing grade and denial of re-enrollment. It is to your benefit to arrive on time because most announcements and assignments occur at the beginning of lecture/lab.

Academic Integrity- Students' Responsibilities:

Students are expected to complete the course in compliance with the instructor's and university standards. No student shall engage in any activity that involves attempting to receive a grade by means other than honest effort. University policies, regulations, and standards of conduct can be found on the Academic integrity office website at http://www.ucsd.edu/current-students/_organizations/academic-integrity-office/.

Accommodations for Documented Disabilities:

Any student with a documented disability is welcome to contact me as early in the semester as possible so that we may arrange reasonable accommodations. As part of this process, please be in touch with the UCSD Office of Disability Resources (<http://disabilities.ucsd.edu/>).
