

SIO 262 – Winter Quarter 2014

Seminar in
Marine Chemical Biology and Natural Products

Wednesdays 3:30 – 5:00 PM, Vaughn Hall 100

William Fenical Instructor

Seminars will be presented and moderated by graduate students of the Aluwihare/Fenical/L. Gerwick/W. Gerwick/Hughes/Jensen/Moore research groups. Seminars should focus on the design and progress of an individual's research project and be approximately 45 minutes in duration.

For those assigned to give presentations, please:

- 1) Email a 250 word abstract (in pdf format) the Monday prior to your talk to the class and faculty.
- 2) Provide the moderator with your CV so that you can be introduced.
- 3) In your presentation, give an in depth background so that the diverse audience will be able to follow and appreciate your research achievements.

For those assigned to moderate, please:

- 1) Introduce the speaker and lead the discussion at the conclusion of the seminar.

<u>Date</u>	<u>Presenter</u>	<u>Moderator</u>
