This quarter we will continue the program of research talks (approx 45 min). Each week there will be one research talk and one moderator. Please remember to: 1) send out a 250 word abstract **the Monday prior to your talk**, 2) provide the moderator with your CV so they can introduce you accurately, and 3) give an in depth background, as well as review your previous work on this topic, so that students in other sub-disciplines or new participants to SIO 262, will appreciate your research achievements.
