This quarter we will continue the program of research talks (ca. 45 min). Each week there will be one research talk and one moderator. Please remember to: 1) send out a 250 word abstract **the Monday prior to your talk**, 2) provide the moderator with your CV so they can introduce you accurately, and 3) give an in-depth introduction to your research, as well as review your previous work on this topic, so that students in other sub-disciplines or new participants to SIO 262 will appreciate your research achievements.
