Get an inside look at the negotiations shaping the world's response to climate change. Join John-O Niles, a leading authority on talks led by the United Nations Framework Convention on Climate Change, and members of the UC San Diego delegation to the most recent session, COP24 held in Katowice, Poland. Students from UC San Diego’s Scripps Institution of Oceanography and School of Global Policy and Strategy will give their takes on the issues behind the negotiations and what the future holds.

**APRIL 9, 2019**

**6:00PM–7:30PM** Public Presentation
