

Scripps Equity, Diversity & Inclusion presents:

DEEP CONNECTIONS

Diversity & Science Lecture Series

Friday, April 30th | 1:00 P.M. Featured speakers:

Dr. Marshall Shepherd

Georgia Athletic Association
Distinguished Professor
Director, Atmospheric Sciences Program,
University of Georgia, Athens

Amelia Moore

Associate Professor
Department of Marine Affairs
College of Env and Life Sciences
University of Rhode Island

DEEP (Deepening Engagement through Existing Pipeline) Connections: Diversity & Science Lecture Series explores the many intersections of diversity and science by highlighting the amazing scientific endeavors of traditionally underrepresented and marginalized scholars who are also advocates, actively engaged in advancing equity, diversity and inclusion (EDI) in the fields of earth, ocean and atmospheric sciences. Join us for an exciting and informative discussion about their work and their EDI-related efforts.
