

Foundation RFP Deadlines: Jan–Feb–Mar 2022

<u>Upcoming Limited Submission Opportunities:</u>	Award (US\$) Deadline	Notes	Tag
W.M. Keck Foundation Keck Medical and Science & Engineering Research Programs	TBD Pre-appl. counseling Jan. 1 – Feb 15, 2022 Phase 1 appl. May 1, Limited Submission	<ul style="list-style-type: none"> Emerging areas of research with potential to develop breakthrough technologies, instrumentation or methodologies 	Biomedical, Science & Engineering
<u>Upcoming NEW Opportunities:</u>	Award (US\$)/Deadline	Notes	Tag
Gordon and Betty Moore Foundation Experimental Physics Investigators Initiative	\$1,250,000 1/14/2022	<ul style="list-style-type: none"> Investigators must have earned tenure and be within four years of that appointment at the time of application 	Experimental Physics
Whitehall Foundation Research Grants and Grants-in-Aid at Asst. Prof. Level	\$30,000 - \$75,000	<ul style="list-style-type: none"> Basic research in neurobiology, defined as follows: <i>Invertebrate and vertebrate (excluding clinical) neurobiology, specifically investigations of neural mechanisms involved in sensory, motor, and other complex functions of the whole organism as these relate to behavior. The overall goal should be to better understand behavioral output or brain mechanisms of behavior.</i> 	Life Sciences

		<ul style="list-style-type: none"> PI must be Asst. Professor or higher in rank, and must be considered an “independent investigator” with his/her own dedicated lab space 	
Organic Center/FFAR 2022 Organic Center-FFAR joint Organic Research Program RFP	<p><\$200,000</p> <p>1/28/2022</p>	<ul style="list-style-type: none"> focus on organic techniques for improving mitigation and resiliency to climate change, with a priority on projects that emphasize systems-based approaches and a commitment to cross-sector partnerships. Engages organic farmers in the development, implementation, and/or evaluation Integrates diversity, equity, and inclusion into the project design, development, and communication 	Climate Change
Embassy of France in the U.S. and FACE Foundation Thomas Jefferson Fund	<p>\$20,000</p> <p>2/24/2022</p>	<ul style="list-style-type: none"> Priorities: Earth System Science, Climate Change and Sustainability, or Energy transition For young American & French researchers at the beginning of their careers to support emerging collaborations 	Humanities, Engineering, Mathematics
Human Frontier Science Program Research Grant	<p>Varies</p> <p>3/31/2022</p>	<ul style="list-style-type: none"> supports research into fundamental biological problems with emphasis placed on novel and interdisciplinary approaches that involve scientific exchanges across national and disciplinary boundaries 	Life Sciences, International

		<ul style="list-style-type: none"> provided for teams of scientists from different countries with innovative approaches to questions that could not be answered by individual laboratories. 	
Human Frontier Science Program Young Investigator Research Grant	<p>Varies</p> <p>3/31/2022</p>	<ul style="list-style-type: none"> Early Career applicants should be project leaders directing a research group, must have full day to day responsibility running their laboratories and full control of the HFSP funds All members of an RG-Early Career team must be within 5 years of obtaining an independent position and must have obtained their first doctoral degree (PhD, MD or equivalent) no longer than 10 years before the deadline for submission of the Letter of Intent. 	<p>Young Investigator, Life Sciences, International</p>

If you have any questions or need any support submitting your application, please contact Development Assistant, James Bartoli, at jabartoli@ucsd.edu to connect with a Scripps Development Fundraiser.
